

Quality of manuscript handling and communication process at PJMS

I am very much impressed with the organized efforts at the Pakistan Journal of Medical Sciences (PJMS) to solicit active participation from Editorial Board members based in various cities of Pakistan and overseas. Thank you indeed for discussing my humble suggestions at the Editorial Board meeting held at Karachi on May 18th 2002. From the day I submitted my very first manuscript to the Pakistan Journal of Medical Sciences, I have consistently been positively surprised by the quality of manuscript handling and communication process at the Journal.

Intellectual integrity and recognition of medical, dental journals by PM&DC

I thoroughly enjoyed your editorial entitled "Intellectual integrity and recognition of medical and dental journals by the Pakistan Medical & Dental Council" and the methodology adopted for grading the journals in A, B and C categories, published in Pakistan Journal of Medical Sciences Vol.18 No.1, January-March 2002.
